WORK EXPERIENCE

Werkstudent- Logistics Operations **April 2026 – Current**
VeOz Logistik und Dienstleistungen GmbH (Amazon) **Berlin, Germany**

- As a Working Student in logistics operations, I support last-mile delivery services.
- I manage daily delivery routes, handle package distribution, use navigation and tracking systems, and ensure efficient delivery performance while maintaining customer satisfaction.

Project Engineer-Operations & Documentation Support **July 2024 – July 2025**
Praj Industries Ltd. **Pune, India**

- Supported RFQ preparation and coordination with suppliers, ensuring timely collection and evaluation of commercial and technical information.
- Conducted market and vendor research to identify suitable suppliers and support procurement decisions.
- Maintained accurate supplier and project data records using SAP and Excel, ensuring data consistency across teams.
- Collaborated with engineering, procurement, and project teams to support stakeholder communication and project execution.
- Assisted in vendor negotiations and commercial discussions contributing to 8% cost savings.

Graduate Engineer Trainee **July 2023 – July 2024**
Praj Industries Ltd. **Pune, India**

- Managed and maintained procurement and supplier databases, ensuring high data accuracy and traceability.
- Supported supplier communication and follow-ups for quotations, documentation, and delivery commitments.
- Analyzed procurement and operational data to generate reports and support business decisions.
- Prepared presentations and commercial reports for internal stakeholders and management reviews.
- Contributed to process improvement initiatives resulting in a 21% reduction in cycle time.

EDUCATION

Master of Science in Industrial Engineering.

International Technology Transfer Management,
BBW Hochschule University of Applied Science.

2025-27

Present-2.2GPA

Bachelor of Technology, Mechanical Engineering

DBATU, India.

2020-23

Final Grade-1.9

PROJECTS

- **Sustainability Mobility Solution Project – Zukunftslust GmbH (Berlin) | Academic Project | Supervised by Prof. Uwe Kaschka**
Conducted market research, competitor analysis, and opportunity assessment for sustainable mobility solutions in Germany. Prepared stakeholder presentations and recommendations based on commercial and operational findings.
- **ATVO Biofuels – 175 KLPD Ethanol Plant**
Coordinated procurement activities and tracked vendor milestones; supported milestone clarity and schedule stability through structured reporting.
- **Bajaj Hindusthan Sugar – Ethanol Program**
Supported process documentation and equipment data management using easyDMS to improve document flow, traceability, and accessibility across project teams.
